SECTION 3 – AIR TRANSPORT
SERIES ‘M’ PART IV
ISSUE I, DATED 6TH AUGUST, 2010

EFFECTIVE: 01.08.2016

File No. 23-15/2016-AED

Subject: Facilities to be provided to passengers by airlines due to denied boarding, cancellation of flights and delays in flights.

1. INTRODUCTION

- 1.1 In view of rapid expansion of air services within India and on international routes to/from India and with the increase in the volume of passenger traffic, it has become necessary for the Government to take appropriate action to ensure appropriate protection for the air travelers in case of flight disruptions and, in particular, denied boardings, flight cancellations and delays without due notice to the passengers booked on the flight(s).
- 1.2 The Government accordingly considers it necessary to raise the standards of protection both to strengthen the rights of the passengers and to ensure that the airlines operate under harmonized conditions. As the distinction between the scheduled and non-scheduled services is reducing, such protections shall be provided to passengers travelling not only on scheduled flights but also on non-scheduled flights and foreign carriers operating to/from India.
- 1.3 In order to ensure effective application of this CAR, the obligation of compliance shall rest with the airline which performs or intends to perform the flight in question whether with its own aircraft, aircraft under dry or wet lease or on any other basis subject to the conditions laid down herein. This CAR, however, does not restrict the rights of the operating airline to seek compensation from any person, including third parties, in accordance with the applicable law.

- 1.4 The operating airline would not have the obligation to pay compensation in cases where the cancellations and delays have been caused by an event(s) of force majeure i.e. extraordinary circumstance(s) beyond the control of the airline, the impact of which lead to the cancellation/delay of flight(s), and which could not have been avoided even if all reasonable measures had been taken by the airline. Such extraordinary circumstances may in particular, occur due to political instability, natural disaster, civil war, insurrection or riot, flood, explosion, government regulation or order affecting the aircraft, strikes and labour disputes causing cessation, slowdown or interruption of work or any other factors that are beyond the control of the airline.
- 1.5 Additionally, airlines would also not be liable to pay any compensation in respect of cancellations and delays clearly attributable to Air Traffic Control (ATC), meteorological conditions, security risks, or any other causes that are beyond the control of the airline but which affect their ability to operate flights on schedule. Extraordinary circumstances should be deemed to exist where the impact of an air traffic management decision in relation to a particular aircraft or several aircraft on a particular day, gives rise to a long delay or delays, an overnight delay, or the cancellation of one or more flights by that aircraft, and which could not be avoided even though the airline concerned had taken all reasonable measures to avoid or overcome of the impact of the relevant factor and, therefore, the delays or cancellations.
- 1.6 This CAR is issued under the provisions of Rule 133 A of the Aircraft Rules, 1937 and with the approval of Ministry of Civil Aviation for information, guidance and compliance of all concerned.

1.7 This CAR shall be applicable to all scheduled and non-scheduled operators.
